PLACES

BUSHYLAND

Where the little ones can attend children's performances and workshops.

COOKING GROOVE

The community kitchen space is located in an atmospheric grove, equipped with several hand-built grill stoves, a traditional Hungarian wood-burning oven, where anyone can prepare and share their meals from the ingredients they bring. It is also unfolding as a musical venue and a special community hangout, where you can expect pleasant electronic, tribal music for a good lunch.

THE DOME

The main musical venue of the Daad gathering, the magnificently arched Dome is where the Hungarian and international titans of techno will be showing off their skills from Péntek evening to VASÁRNAP afternoon.

DRAGON NEST

One of the permanent architectural structures built from natural materials, the Dragon Nest was launched in 2012 as the live music stage of the festival grounds. Recently the Dragon has also plunged into the ocean of electronic music, and the fusion of acoustic and digital music, the music of the future is moving more and more to the forefront.

DRAGON TERRACE

On the Dragon Terrace you will be able to choose from a myriad of craft activities.

PLACES

LAKE

The birth of the lake was a longtime dream come true, and we are thankful for being able to share it with you. In return we ask you to respect it, care for it, and play by the rules created to keep you and the lake as safe as possible.

MICROCOSMOS

The scientific lectures held here will guide you into the world of minerals.

MIRADOR

Inaugurated in 2014, the tower gallery has provided a new, expanded space for art exhibitions and represents the richness of the visual culture of the scene. This time you will be able to see the winning works of the Art Call we announced for this occasion.

PYRAMID

The Pyramid reflects its Great Giza namesake both architecturally and in star alignment, its open, thatched roof structure is home to a variety of dance styles and movement-based activities. Now all-day programs await those interested in yoga, contemporary dance and martial arts.

IMPORTANT RULES & GENERAL INFO

The **GARBAGE BAG** and the **POCKET ASHTRAY** that you get at the gate is free. Thank you for using them!

RECYCLING A garbage selecting facility operates on the festival site. There are selective trash disposal points also – we ask you to create your own at your camp! Take care of Mother Earth and she will take care of you!

SMALL CHILDREN can only use the toilets with parental guidance. **DO NOT THROW ANYTHING** except toilet paper in the toilets, so that the waste can be later used for the fertilization of farm fields.

Anyone without a valid **WRISTBAND** will be escorted out from the festival site immediately.

CAMPFIRE Take care of the campfire: don't put it close to trees or tents and do not leave it unattended.

HEAD TORCH We're aware that there are dark sections in the camping area. If you've got a head torch, we ask you to please use it as a regular torch (holding it in your hand) 'cause at head height it can blind others coming your way. Pay attention to 'No Camping' signs and make sure that you do not directly camp around parked vehicles, shops, locations, etc.

AUDIO SYSTEMS ON THE CAMPING SITE are forbidden! Please respect each other's peaceful rest.

Take care of your **CAR** if you park within the campsite. Those of you **PARKING** down- or uphill, **DO NOT FORGET** to set your emergency hand-brakes and find some wheel chocks, rocks, bricks, logs, etc to put behind or in front of your tires to make sure your car doesn't roll free and cause an accident.

In order to prevent accidents, it is **STRICTLY FORBIDDEN** to use any of your vehicles, including motorbikes, on the territory of the festival.

ILLEGAL (unregistered) **SHOPS** are prohibited.

There's no access to **ELECTRICITY** in the camping area. You can recharge your electronic equipment at the main bar. For lost valuables first check at the **INFO POINT**. Next to the Info Point you can find the **MESSAGE BOARD**, which is also often very useful.

There's a **LOCK UP** house on the festival site where you can safely store your valuables. It's available for €1 per day. See the map for its location.

PRACTICAL ADVICES Keep yourself hydrated (drink clean water or pure fruit juice - alcohol causes dehydration). Eat regularly. Don't forget to rest. Take care of your skin: use sun cream. Occasionally go to a shade against overheating. If you get sick, don't hesitate to ask for help! Bring warm clothes: it can get really cold at night! Don't leave valuables in and around your tent. If you notice any act of crime, alert the security staff. Drugs are illegal in Hungary. Please keep in mind that the prevailing Hungarian laws apply to each and every person in the area of the event, which means that, regardless of your nationality, these laws apply to you. Drug trafficking, possession and consumption are illegal. For more information turn to the Info Point crew. You are allowed to take photos, but you need the written agreement of the organizers in order to make film and sound recordings. A sound and film recording will be produced of the Event. Every person who appears on the recordings can be namechecked only with their agreement, however they may not have any claims towards the makers of the recordings or the organizers of the Event. Visitors under the age of 18 and intoxicated guests will not be served with alcohol in the cafeterias. Please pay extra attention to preserving the nature around us and do not litter!

The organizers take no responsibility for possible damages occurring to people or valuables. There is a left-luggage office and safe deposit in operation at the Event. The security staff takes limited responsibility only for objects left at these places!

We cannot take responsibility for valuables left at other places. If you have any observations, complaints, ideas, please turn to the Info Point. The Event will be held regardless of weather conditions. We reserve the right to alter or change the program! It is forbidden to carry out any commercial or advertising activities without the written permission of the organizers. You are at DAAD Gathering at your own risk. We assume no responsibility for lost or stolen things, damages to your property or your person.

**GATE CLOSING IS ON THE 20TH OF JUNE
AT 12PM NOON**

Everyone has to leave the festival territory by that time.

LAKE SAFETY RULES

The lake is open for swimming daily between **8:00-20:00**, only from the side of the BUCKA (Ambyss) stage.

Max 100 people are allowed in the lake at the same time. The recommended swimming time is 15-20 minutes.

Dogs and floating equipment are not allowed in the water.

Entering the water under the influence of alcohol and other substances is forbidden – our staff will check your condition before allowing you to go into the lake safely. Make sure to shower before taking a dip.

Please respect the safety rules, keep the lake and its surroundings clean and unpolluted so that we can all enjoy its beauty while preserving the wildlife depending on it.
Thank you.
